**Subject:** Region 10 Weekly

Administrator:

Just a few short items this week:

# Non-Responsive

2) Oregon CZARA. I have a call with Richard Whitman in the Oregon Governor's Office and Dick Pedersen of Oregon DEQ regarding revitalizing the exchange of letters we committing Oregon to progress on forest practices. We had planned the exchange prior to the abrupt shift in Governors and Will Stelle (NOAA Western Region Administrator) and I have heard the new Governor is also committed to improving Oregon's forest practices. I will let you know if anything has changed prior to your meeting with the Governor on Thursday morning.

3) Region 10 Visit. We are looking forward to your visit this week. I will travel to Portland to attend the meetings there with you.
